MAHA LAKSHMI SRI MOUNIKA VARADA

srimounika.v@gmail.com | 7893705658

EDUCATION

Jawaharlal Nehru Technological University Kakinada - Kakinada, Andhra Pradesh, India
Bachelor of Technology in Computer Science
2022-Present
CGPA: 8.5

Sasi Junior College
-Tanuku, Andhra Pradesh, India
Intermediate MPC
2020-2022
Percentage: 98.4

SKILLS & ABILITIES

Technical Skills:

- Proficient in programming languages like C, C++, JAVA, PYTHON,DSA.
- Web Technologies like HTML, CSS, JAVA SCRIPT.
- Good understanding of concepts like Operating Systems, DBMS, Computer Networks, Data Mining.

Languages: English, Telugu, Hindi(little bit).

Soft Skills: Problem solving.

EXPERIENCE

Next24tech Technology & Services

Full Stack Web Development Intern
(May 2024-July,2024)

Developed and optimized Election voting system web application using HTML,CSS and JavaScript. Assisted in backend development and API integration, improving application functionality and performance.

Cognifyz Technologies

C/C++ Programming Intern
(March,2024-April,2024)

Enhanced software performance with C/C++, optimized code, and supported debugging and code reviews with the team.

Python Development Intern
(April,2024-May,2024)

Developed efficient Python code, streamlined processes, and collaborated on debugging and reviewing code to improve software quality.

Wipro Trainee

(September,2023- February,2024)

- Selected from 100+ participants as an intern in Wipro internship training program.
- Designed applications using html, css , java script.

PROJECTS

Grocery Delivery Application

Developed a grocery delivery app with real-time tracking and secure payments. Designed an intuitive UI for customers and delivery personnel. Implemented efficient backend for inventory, orders, and delivery optimization.

E-Learning Platform

Developed an interactive e-learning platform with video lectures, quizzes, and progress tracking. Designed a user-friendly interface for students, instructors, and administrators. Implemented secure authentication and role-based access control for data privacy.

CERTIFICATES

Cloud Computing - NPTEL

Data Science for Engineers – NPTEL

Web Development with HTML5, CSS and JavaScript by IBM.

ACHIEVEMENTS

- Solved 300+ problems in geeksforgeeks
- Solved 300+ problems in leetcode.
- Participated in more than 30 contests in codechef.
- HackerRank- 2 star rated in Problem Solving, 3 star rated in C++,4 star rated in Java.
- Selected for Digital Nurture Technoverse 2024 by COGNIZANT

HOBBIES & INTERESTS

Solve sudoku puzzles,watching movies, listening to music, singing songs, playing games both indoor and outdoor
